BAIS Fee Policies

5.13 Tuition and Fees

The BAIS Board of Directors establishes BAIS tuition and fees annually, as part of the budget preparation process. Tuition for each grade level shall be recommended by the School Director and Finance Committee. The Tuition shall be so calculated that, based upon the enrollment projections for the budget year, estimated total tuition shall cover the school's total operating budget.

The Board of Directors may approve other charges or fees. The establishment of any new fees requires the approval of the full Board. The Board will share an annual tuition and fee policy document with parents in February prior to the start of the academic year.

Fees are non-transferable.

5.13.1 Fee Categories

To ensure clarity and fairness for BAIS families, the BAIS Director will categorize each family as Employer-Paying (EP), Partial Employer Paying (PEP) or Self-Paying (SP) and list this on the

5.13.1a Tuition Fee

The tuition fee will cover the cost of the entire curricular and co-curricular program and is payable by Trimester.

Attendance for part of one trimester:

- Attendance of greater than 4 weeks during a Trimester will be invoiced for the full trimester fee.
- Attendance of less than 4 weeks during a Trimester will be invoiced pro rata by the week.

Arrival in January:

Students enrolling for the first time at BAIS in January may be granted a 15% reduction to Trimester 2 tuition fees when they miss attendance in the first part of Trimester 2 due to:

- The timing of the family's relocation to The Gambia; and/or
- Completion of the prior school's academic term in December.

5.13.1b Development Fee

The School Development Fee is intended to support capital improvements to school facilities, and for building a reserve fund for the long-term sustainability of the school. It is a one-time only, non-refundable fee charged for all children entering BAIS of an amount to be determined annually by the Board.

In the event that any student is not continually enrolled at BAIS, any school development fee payments will remain credited towards the total

Admission letter. The designation will be based on the contract typically provided by the Employer. Families requesting registration other than Employer-Paying (EP) may be required to provide contract/personnel details.

School Development Fee which is in force in the year that the child returns to BAIS. Students that are continually enrolled, once having paid the total School Development Fee, are exempted from having to pay additional fees if the School Development Fee is raised, and do not receive a refund if the fee is lowered.

Development Fee Payment Options:

This fee may be paid in installments as follows:

Pre-Kindergarten:

- Option 1: Pay the Development Fee when the child enters Kindergarten – the fee will be paid as one lump sum and charged at the rate prevailing during the Kindergarten academic year, or

5.13.1d Yearly Registration Fee (Continuing Students)

5.13.3b Payment Extensions
