## **Message from the Director**

Dear BAIS Families,

We are off and running on the 2025-26 school year. Classes are off to a good start; students are happy, engaged, and active. Our enrollment is between 70 and 75, as we were at the same time last year. We have several new students, and some students still have not returned from their summer travels.

This Sunday, our Board members will spend the entire day engaged in board governance training with Ms. Kristi Williams. Kristi is a highly experienced consultant who has worked with many international school boards, including ours here at BAIS. Funding for the training comes from our grant from the U.S. State Department Office of Overseas Schools; this, along with special needs, is an area of special emphasis for them.

Our first half-day staff development day is this Wednesday. Please remember that we will dismiss at 12:00. For our first staff development day, Dr. Kim Seefried will spend much of the time discussing our special needs program with teachers.

Please remember that this Thursday, September 11, we will have Open House from 6:00 to 7:30. This is a wonderful opportunity to come and meet your children's teachers. Also, as part of this evening, our Middle School teachers would like to meet with middle school parents...especially parents of 6th graders...from 6:30 to 7:00 to talk about the transition from elementary to middle school and what parents can expect.

Also included in this week's Buzz is the rest of the lunch menu for September.

Robert Harper, Director

## **Upcoming Events**

### **Wed. Sept. 10**

Professional Development Day  
12:00 dismissal

### **Thurs. Sept. 11**

6:00-7:30 Open House

### **Fri. Sept. 12**

Map Testing K-5

### **Mon.-Fri., Sept. 29-Oct. 3**

Map Testing 6-8

### **Thurs. Oct. 2**

After School Activities Begin

## Staff Spotlight

### Mr. Michael Seefried

I am stepping into my new role as the 4th/5th grade teacher with a strong passion for ensuring every child has access to the best education and opportunities possible. My belief that students thrive when exposed to rigorous instruction paired with high expectations has guided my professional mission throughout my career. I am committed to building a classroom that is fun, safe, engaging, and academically challenging, with a focus on collaborating closely with families, staff, and the broader school community to support exceptional student growth and achievement.

Interestingly, I didn't begin my journey intending to become a teacher. I originally went to college to pursue a career as a pastor, but meeting my wife—Dr. Kim—shifted my path. From that moment, I have never looked back. That change in direction led me into a remarkable 34-year career in education, including 24 years as a principal. Along the way, I have left a lasting mark on schools and communities across the globe.

My story is deeply shaped by my upbringing. One of seven children, I grew up in Germany in a missionary family. I was the first in my family to graduate from college after my parents completed high school later in life. Together with my father, I co-founded a faith-based nonprofit orphanage in South Africa, which I continue to visit annually. My journey has also taken me around the world as the director of international schools in Central Asia and Eastern Europe, as well as the founding principal of a school in Kuwait. These experiences reflect my conviction that the cool thing about education is it opens up the world!

Equally important in my journey is my marriage of 40 years to my amazing wife, Dr. Kim, who is also a dedicated educator and leader. Our shared passion for teaching and supporting students has taken us around the world together, from international schools to district leadership in the United States. Our partnership has been a source of strength, joy, and inspiration throughout our careers and our family life. Together, we have raised three sons who each carry forward the values of service and commitment we have instilled in them.

---

#### **Mission Statement**

The Banjul American International School is an accredited international school providing a meaningful, rigorous American curriculum in a global context. In partnership with the local and international community, we empower students to become enthusiastic, creative, lifelong learners who value integrity, cultural diversity, and global responsibility.

Outside of the classroom, I have served as a combat engineer in the U.S. Army, and my three sons also carry strong ties to service and leadership; one is a graduate of the U.S. Air Force Academy, another serves in the U.S. Navy on a submarine, and the youngest works as an engineer building submarines with a defense contractor. Since arriving in The Gambia, I am eager to bring my wealth of experience to BAIS, where I look forward to not only teaching but also building connections with students and families. My life's work and dedication show a deep commitment to shaping lives through education—something I am ready to continue in this new role.

## Welcome to the Newest Member of the BAIS Family!

We all missed Diminga Mendy while she was on maternity leave the second semester last year. Please join us in welcoming her new son Francis to the BAIS family! Diminga is beginning her 13th year at BAIS and is another of our loyal and hard working support staff. Congratulations Diminga!

## From the Business Office

Parents, please check your emails for tuition invoices. Please remember to reply back to Ms. Leah to acknowledge receipt.

## Morning Dropoff Procedures

Parents, please continue to remember our morning dropoff procedures. Students arriving by car should not be dropped at the front gate...they should only be dropped at the back gate. Treat the road across from the American Corner as a one way road coming to the back of the school. Then turn right, proceed to the back gate, drop your children, then turn right and exit back toward Atlantic Road.

Also, please use caution as you approach the school on Atlantic Road. We have several students who arrive on foot and on bicycle. Please be mindful of them and their safety.
